

12V Battery Box for FSP127 Aldis

The C20175-01 Battery Box is designed for the FSP127 Aldis signaling lantern, ensuring reliable power with up to 2 hours of autonomy. It includes a 12V 7Ah lead-acid battery with an LED status indicator for charge monitoring. CE certified and SOLAS compliant, it is ideal for maritime and offshore operations.

COD EUROSUL: 090962

IMPA: ---

Part Number: C20175-01

Approvals:

Specifications

Features

Battery: Lead-acid, 12V, 7Ah

LED Indicator: Green (100%), Amber (50%), Red (recharge)

Connector: 3-pin for secure connection

Certifications: CE and SOLAS compatibility

Weight: 5.8 kg

Applications

Power supply for FSP127 Aldis signal lantern

Use in maritime and offshore operations

Benefits

Readiness: Status LED for continuous monitoring

Durability: Long service life and high performance

Safety: Complies with SOLAS standards, ensuring safe operation
