

300mm Brass Bell – COLREG / CCS Certified

The 300mm Brass Bell – COLREG / CCS Certified is a vital acoustic signaling device for marine vessels, fully compliant with international maritime safety regulations. Made from corrosion-resistant forged brass, it ensures long service life and delivers a powerful, clear tone for reliable communication in harsh sea conditions. Vessel name engraving is optional; please consult the sales department.

COD EUROSUL: 002854

IMPA: 370102

Part Number: ---

Approvals:

Specifications

Features:

Material: Corrosion-resistant forged brass

Fixings: Not applicable

Design: Strong construction with suspension loop and wide bell mouth for optimal sound projection

Dimensions: 300 mm diameter

Applications:

Vessels over 20 meters, as required by international standards

Offshore platforms

Marine facilities requiring dependable sound signaling

Benefits:

readiness: provides reliable acoustic communication for maneuvers and emergencies

durability: engineered to withstand aggressive marine environments

safety: fully compliant with COLREGs, SOLAS and NORMAM regulations

Technical Specifications:

Material: Corrosion-resistant forged brass

Fixings: Not applicable

Dimensions: 300 mm diameter
