

Lithium Battery for EPIRB E8/G8/G8 AIS – Includes SBM Service

The McMurdo lithium battery for SmartFind E8/G8/G8 AIS EPIRBs ensures reliable device operation, meeting the highest maritime safety standards. For SOLAS vessels, the SBM Service must be performed every 5 years at certified facilities to maintain compliance and proper EPIRB functionality.

COD EUROSUL: 091307

IMPA: ---

Part Number: ---

Approvals:

SOLAS

Specifications

Features

Compatibility: EPIRB SmartFind E8/G8/G8 AIS

Material: High-durability lithium battery

Service life: Up to 5 years or until expiration date

Certifications: IMO/SOLAS, compliant with mandatory SBM Service

Complete kit: Includes tools and identification labels

Applications

Ensure safe and continuous EPIRB operation in maritime emergencies

Meet SOLAS regulatory requirements for commercial vessels

Benefits

Readiness: Replacement maintains full functionality in emergencies

Durability: Resistant to extreme maritime conditions

Safety: SBM service ensures certification and accurate testing

Technical Specifications

Compatibility: EPIRB SmartFind E8/G8/G8 AIS

Material: Lithium battery

Service life: 5 years or until expiration

Certifications: IMO/SOLAS, with SBM Service
