

Work Life Jacket XT100 with 75N Buoyancy

The XT100 Work Vest is an essential safety equipment designed to provide protection and practicality for workers in aquatic environments.

This vest is ideal for daily use on oil rigs and vessels. Made with closed-cell PVC foam and coated with orange vinyl, it offers a minimum buoyancy of 75N. For high visibility, the vest features 3 SOLAS-compliant reflective tapes (5cm x 10cm), with two on the front and one on the rear. The XT100 is a compact, lightweight product (0.46 kg per vest), and is certified by CCS (China Classification Society), meeting the JT/J107-1991 standard for working lifejackets for ships.

COD EUROSUL: 094658

IMPA: 331171

Part Number: XT100

Approvals: ---

Specifications

Features:

Model: XT100

Standard: JT/J107-1991 (Working lifejackets for ships)

Buoyancy: Minimum 75N

Buoyancy material: Closed-cell PVC foam

Coating: Vinyl dipped, orange

Reflective tapes: 3 SOLAS-compliant (5 cm x 10 cm) – 2 front, 1 rear

Optional accessory: Plastic whistle

Net weight (per vest): 0.46 kg

Packing: 10 vests per carton (71 x 57 x 32 cm | 8.6 kg)

Applications: Oil rigs, ships, vessels, and maritime operations where safety and buoyancy are essential.

Benefits:

Certified safety: CCS certified (No. JY24PPS02731_07) under JT/J107-1991

High visibility: Bright orange color with SOLAS reflective tapes

Comfort and practicality: Lightweight, compact design for daily use

Durability: Closed-cell foam with buoyancy loss $\leq 5\%$

Technical Specifications:

Model: XT100

Standard: JT/J107-1991

Buoyancy: $\geq 75\text{N}$

Buoyancy material: Closed-cell PVC foam

Coating: Vinyl dipped (orange)

Reflective tapes: 3 SOLAS (5 x 10 cm) – 2 front, 1 rear

Net weight: 0.46 kg

Buoyancy loss: $\leq 5\%$

Certification: CCS – JY24PPS02731_07
