

DT985 Entel ATEX UHF Portable Radio with Rechargeable Battery

The Entel DT985 is an ATEX IIC certified UHF digital portable radio designed for safe communication in hazardous environments. Ideal for industrial, maritime, and offshore applications, it delivers reliable performance, rugged construction, and clear audio. With an IP68 rating, the DT985 is fully dustproof and submersible up to 2 meters for 4 hours. It operates in temperatures from $-30\text{ }^{\circ}\text{C}$ to $+50\text{ }^{\circ}\text{C}$ and complies with MIL-STD-810 standards. The easy-to-read display, individual and group calling features, and Smart Speech Tailoring technology ensure efficient and clear communication in noisy environments.
