**IMPA:** ---

**Part Number:** ---

**Approvals:** ---

## Specifications

### Features:

**Compatibility:** Seven Star SART model S701

**Type:** Replaceable emergency battery

**Service life:** Up to 5 years (depending on storage and usage conditions)

**Certification:** SOLAS compliant

**Application:** Marine search and rescue equipment

### Benefits:

**Safety:** Ensures SART remains operational in maritime emergencies

**Reliability:** Certified and tested for long-term performance

**Easy replacement:** Quick and safe installation design

**Durability:** High resistance and extended shelf life

### Technical Specifications:

**Model:** S701B

**Compatibility:** Seven Star SART S701

**Estimated shelf life:** 5 years

**Certification:** SOLAS

**Application:** Emergency radar transponder equipment
