

HZ-AJ-II CLASS 1-Med/Solas

Certificate accepted by DPC

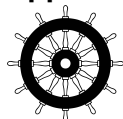

The HZ-AJ-II Class 1 vest is an inherently floating life jacket designed for adults with weight between 43 kg and 140 kg. Made by Haizhou, this equipment meets international standards solas and MED, ensuring safety and compliance for maritime operations. The design of the vest includes 400 cm² reflexive tape for high visibility and comes with signal lamp approved by the Med. Built for resistance and efficiency, it provides minimum float of 150N, ensuring the correct position of the user in the water.

COD EUROSUL: 090617

IMPA: 330131

Part Number: ---

Approvals:

**SOLAS**

Specifications

Features

Brand: Haizhou

Class: Class I

Product Reference: HZ-AJ-II

Approval: SOLAS and MED (DNV/GL)

Buoyancy: ≥150N

Reflective Tape: 400 cm²

Weight: 0.8 kg

Includes: Certified signaling lamp

Applications

Commercial and offshore vessels – essential equipment for safe operations at sea

Passenger ships – safety for crew and passengers in emergency situations

Maritime rescues – ideal visibility and buoyancy for lifesaving operations

Benefits

High visibility: 400 cm² reflective tapes and certified lamp enhance user visibility in water

International compliance: Meets SOLAS 1974 and MED requirements, ensuring global maritime safety

Lightweight and safe: At only 0.8 kg, it is comfortable and easy to wear, offering a secure fit with nylon straps and buckles
