

Knife for sailor with a hem

The sailor knife with a tip without a tip is equipment designed for safety and versatility in maritime operations. Made of high quality stainless steel, this knife combines exceptional resistance with fast and accurate cut. Tip-free design offers greater safety during use, while the serrated blade and integrated line cutter ensure practicality for various on board applications. The non-slip rubber cable provides firm grip, even in adverse conditions.

Specifications

Features

Blade: Corrosion-resistant stainless steel

Handle: Non-slip rubber for greater control

Type: Rounded tip for increased safety

Additional Features: Serrated blade for efficient cutting, integrated line cutter, and rigid fast-action sheath for safe transport

Dimensions: 28 cm × 6 cm × 3 cm

Blade Length: 11.5 cm

Weight: 260 g

Applications

Maritime operations and vessels: essential for on-board safety and activities

Naval maintenance: quick cutting of ropes, nets, and various materials

Outdoor and rescue activities: suitable for emergencies and versatile use

Benefits

High durability: stainless steel blade resistant to the marine environment

Enhanced safety: tipless design and non-slip handle ensure secure handling

Versatility: efficient serrated edge with integrated line cutter for multiple tasks
