

Intrinsically Safe LED Headlamp IP67 – XPP-5454G Nightstick

The Nightstick XPP-5454G headlamp is designed to deliver reliable lighting in Zone 0 hazardous areas where explosive atmospheres may be present. Certified by INMETRO, it complies with the strictest international safety standards. Featuring Dual-Light™ technology, it provides simultaneous spotlight and floodlight beams for enhanced operational visibility. Built from chemical- and impact-resistant polymer, it ensures durability in harsh industrial and offshore environments. Includes a non-slip elastic head strap and a reinforced rubber strap for helmet mounting.

COD EUROSUL: 094541

IMPA: 330620

Part Number: XPP-5454G

Approvals:

Specifications

Benefits:

Safety: Certified for explosive atmospheres

Versatility: Spotlight, floodlight, and Dual-Light™ modes

Durability: Resistant to drops, dust, water, and chemicals

Ergonomics: Tilt adjustment, head strap and helmet strap included

Runtime: Up to 16h continuous operation depending on mode

Technical Specifications:

Ex Rating: Ex ia op is IIC T3 Ga

Lighting Modes: Spotlight 115 lm (5h) / 60 lm (16.25h) |
Floodlight 120 lm (5.25h) / 60 lm (16.75h) | Dual-Light™ 160 lm (3.5h)

Beam Distance: Up to 94 m

Protection: IP67 – dustproof, waterproof, impact resistant up to 2 m

Power Source: 3 x AAA alkaline batteries (included)

Construction: Technical polymer (ABS + polycarbonate)

Dimensions: 66 x 53 x 46 mm

Weight: 93.5 g (with batteries)
