

M-2 and M-2L Indicator Roles for Measurement Equipment

Paper blocks Indicator developed for measuring instruments used in maritime and industrial environments. The M-2 and M-2L models have special sensitive surfaces, allowing reliable visual records in compatible equipment. Each block contains easy -to -handle individual leaves.

COD EUROSUL: 000531

IMPA: 652654/ 652655

Part Number: ---

Approvals: ---

Specifications

Features

Material: Special paper with indicator coating

Binding: Block type

Design: Dark sensitive surface for visual markings

Dimensions: As per model (see above)

Applications

Measurement and recording equipment onboard

Instruments compatible with M-2 and M-2L type indicator paper

Benefits

readiness: blocks ready for immediate use in technical applications

durability: resistant paper with good dimensional stability

safety: ensures clear markings for later data reading

Technical Specifications

Material: Special indicator paper

Binding: Block type

Dimensions: M-2L – 65 x 181 mm / M-2 – 66 x 146 mm
