

PP Mono 3-Strand Orange and Tiger Ropes

The PP Monofilament 3-Strand 220m Ropes are designed for maritime, industrial, and cargo applications. Featuring a strong 3-strand twisted structure, they offer high resistance, lightweight performance, and durability, making them ideal for demanding operations. Available in bright orange and tiger-striped (yellow and black) versions, enhancing visibility and operational safety.

Specifications

Benefits

High tensile strength: Ideal for heavy-duty loads

Lightweight and buoyant: Easy to handle in marine operations

Durable: Resistant to abrasion, UV rays, and moisture

High-visibility color: Enhances safety during operations

Applications

Seamanship: Mooring, anchoring, and rescue tasks on vessels

Industry and Construction: Load handling and industrial fastening

Marine Environments: Offshore platforms, ports, and shipyards

General Specifications

Material: Monofilament polypropylene

Structure: 3-strand twisted (3P)

Color: Orange

Length: 220 meters per roll

Measurements in inches:
