

Wall-Mounted Stainless Steel Bracket for EEBD Ocenco M20.2

The Wall-Mounted Stainless Steel Bracket is a practical and reliable solution for storing and ensuring easy access to the EEBD Ocenco M20.2, whether for emergencies or training. Made from high-quality stainless steel, this bracket provides superior corrosion resistance, making it ideal for installation in strategic locations and harsh environments. With a robust yet lightweight design, it simplifies installation and handling while protecting the equipment, ensuring it is always ready for use.

COD EUROSUL: 004028

IMPA: ---

Part Number: ---

Approvals: ---

Specifications

Material: high-quality stainless steel, corrosion-resistant and durable

Compatibility: designed for the Ocenco M20.2 EEBD model

Design: practical and compact structure for strategic wall mounting

Safety: enables immediate access to escape equipment during emergencies

Weight: lightweight for easy installation

Benefits:

Readiness: keeps the EEBD accessible and ready for instant use

Durability: robust construction resistant to marine and industrial conditions

Technical Specifications:

Material: stainless steel

Dimensions: 21 × 23 × 10 cm

Weight: 1.0 kg
