

Inflatable life jacket 150N CQYB/II-150N – CCS ISO certified

The CQYB/II-150N 150N inflatable life jacket is an individual flotation device CCS certified under ISO 12402-3:2020, designed for professional use in maritime, offshore, and over-water work operations. With a single front inflation chamber, it provides 150N buoyancy and is suitable for adults weighing 43kg or more. Important: this life jacket is not SOLAS certified. SOLAS certification requires two inflation chambers. This model complies with ISO 12402-3:2020 (Personal Flotation Devices - Part 3: Lifejackets, Performance Level 150), making it suitable for vessels and operations where mandatory SOLAS compliance is not required.
