Specifications

Overview

HZ-FG firefighting glove with cowhide leather shell, Kevlar liner and polyurethane moisture barrier. The 5-finger design is intended to support hand protection in fire response operations, with Kevlar wristlet and Kevlar stitching.

Application and use

Suitable for firefighting and operational use by fire crews in tasks that require thermal protection, durability and hand mobility. Size XL/10 and 305 mm length help provide broader coverage of the hand and wrist.

Construction characteristics

Material	cowhide leather shell, kevlar liner, polyurethane moisture barrier, kevlar wristlet, kevlar stitching
