Specifications

Overview

Adjustable metal rat guard for installation on ropes and mooring lines, designed to help prevent rats from boarding the vessel.

Application and use

Used on mooring ropes with compatible diameters from 56 to 72 mm, it provides a simple and effective onboard sanitary barrier.

Construction characteristics

Material	Galvanized iron
Rat guard diameter	600 mm
Compatible rope diameter	56-72 mm
Adjustable	Yes
IMPA	232363

Marking and traceability

SKU	005353
IMPA	232363

Handling, service life and disposal

Inspect regularly for deformation, corrosion, and proper fastening. Store in a dry, protected place to preserve the galvanized finish. At end of service life, dispose of it according to applicable environmental practices for metal scrap.
