Specifications

Overview

Needle scaler support designed for use with the JEX-28 model, with a 4 mm needle. It is a compact spare part that helps keep the equipment ready for cleaning and descaling work.

Application and use

Suitable for deck operations and onboard maintenance, especially for needle scaler tasks. Its lightweight design makes replacement and handling easier during service.

Construction characteristics

Sub-item	FOR NEEDLE SCALER
Model	JEX-28
Application	Use with needle scaler

Technical specifications

Length (cm)	18
Width (cm)	5
Height (cm)	5

Needle diameter (mm)	4
Net weight (kg)	0.5

Marking and traceability

SKU	005523
IMPA	590478

Handling, service life and disposal

Store in a dry place and protect from impacts to preserve fit and part integrity. Replace it when wear affects scaler performance and dispose of it according to applicable environmental practices for the material.
