

Waterproof handset Sailor 6203 – PN 406203A-00500

The Sailor 6203 handset is a waterproof microphone developed for use with Sailor 6000 series VHF and MF/HF radios, ensuring clear and reliable communication in maritime environments. Compatible with a wide range of Sailor equipment, it is the ideal solution for replacement and maintenance of onboard communication systems on commercial and offshore vessels. Designed to withstand the harsh conditions of the marine environment, the 406203A-00500 model offers water protection and is compatible with the main radios in the Sailor 6200 and 6300 series, including equipment with DSC Class A and Class D certification, as well as the Sailor System 6000A MF/HF.
