COD EUROSUL: 090524

IMPA: ---

Part Number: ZFMH-FZ

Approvals:

SOLAS

Specifications

Material:

- Outer layer: flame-retardant aramid fiber fabric
- Waterproof layer: breathable spunlace aramid membrane
- Insulating layer: thermal aramid fabric
- Inner layer: Kevlar blend with flame-retardant fabrics

Fasteners: Heavy-duty zipper with sealing flaps, adjustable cuffs and ankles

Design: Navy blue suit with four protective layers

Benefits:

Readiness: Available as a complete set or separate pieces, depending on operational needs

Durability: High mechanical resistance (tear $\geq 100\text{N}$, breaking strength $\geq 850\text{N}$), ideal for harsh environments

Safety: EN469:2005, SOLAS, and MED certifications ensure safe use in maritime and offshore contexts

Applications:

Fire brigades on board vessels

Shipyards, port terminals, and offshore platforms

Emergency response and structural firefighting

Technical Specifications:
